How does Ecogreen All-in-1 Bathroom Cleaner work?

Ecogreen All-in-1 Bathroom Cleaner contains specific strains of beneficial bacteria, which feed off the waste located in and around the bathroom, digesting them until they are depleted and the odours and stains are removed.

With the inclusion of surfactants to assist the beneficial bacteria to adhere to the bathroom surface, enabling them to digest the waste more efficiently. The active beneficial bacteria continually to degrade the unsightly stains and waste which cause foul odours.

Directions for Use

Toilet Bowl

Spray in and around the bowl of the toilet and leave for 5 - 10 minutes before flushing.

Shower, Tiles and Grout

Spray directly onto tiles and grout, leave for 10 - 15 minutes, scrub if necessary before rinsing off or wipe clean.

Disinfectants and cleaning agents kill beneficial bacteria; DO NOT use with this product.
